

Indonesia

↔ Japan

Ideas + People. Infinite Possibilities.

We help organizations navigate opportunities between Indonesia and Japan - from research and strategy to partnerships, creative development and execution.

A multidisciplinary consulting collective

September 2026 / dotwave.vercel.app

Start with the question.

01

Entering Indonesia or Japan?

Market scans, audience insight, opportunity assessments and localization recommendations.

02

Looking for the right partners?

Partner landscapes, shortlists, introductions and facilitated business meetings.

03

Developing an idea or IP?

Brand and IP direction, creative concepts, content plans and activation ideas.

04

Ready to make it happen?

Delivery plans, production, vendor coordination, exhibitions, events and launch programs.

Focused research · Advisory · Partner search · Creative development · Project delivery · Ongoing support

Japan Wave Expo

2016 / Rinintha Pradiza

Japanese fashion meets Indonesian buyers, media and audiences.

Outcome: The program connected 16 Japanese companies with Indonesian buyers, media and consumers across Central Park and Tribeca Park.

Prior member work; not dot.wave commissions. Outcomes reflect the wider project and its collaborators.

Local Insight. Global Motion.

Si Juki

2010 onward / Faza Meonk

A character that grew into a publishing, animation and collaboration ecosystem.

Outcome: Si Juki's official site reports 65+ printed comic titles and more than 100 brand collaborations. The IP also spans animation and games.

Nila Baharuddin

2023–2025 / Rinintha Pradiza

Building an Indonesian fashion label's presence in Japan.

Outcome: The program progressed from Ginza to a Tokyo trade fair and department-store retail. The two-week Daimaru pop-up surpassed ¥1 million in retail sales, a project result supported by the wider team.

Research → Strategy

Project IA

2019 / Rinintha Pradiza

Research and advisory built around a practical decision.

Outcome: The engagement produced practical strategic recommendations. The public record does not disclose commercial results or client identity.
